Authority for Expenditure of \$ 875.00 is requested for purpose of providing 2 temporary
bunkhouses for transient ~~employees~~ employees at Pocatello, Idaho car
(Station or Location) shop.
Description of project:

Recommendations: The present bunkhouse facilities at Pocatello, occupied by Mexican Nationals employed in both Car and Refrigeration Departments, are overcrowded, with the result that some of the employees, who are in too close contact with each other, oftentimes have differences of opinion that develop into fights which, we believe, might produce serious results due to the temperaments of the men. Furthermore, the congested condition is unsatisfactory from the standpoint of health and housekeeping.

To remedy the situation, and at the same time provide housing facilities for anticipated additional employees, recommend two more temporary bunkhouses be provided.

Not included in 1944 Maintenance Budget.
